DETAILED ACTION

Allowable Subject Matter

Claims 1-8 and 10-21 are allowed.

The following is an examiner's statement of reasons for allowance: regarding independent claims 1, 10, and 14, the prior art fails to teach or fairly suggest, in addition to the accompanying features of the claims, a plurality of optical fibers arranged in a known array arranged to cause varying delays wherein at least two output couplers connect the fibers in parallel, to at least two independent processing channels. Claims 2-8, 11-13, and 15-21 are allowable by virtue of their dependency.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
